June 7, 1944

Dear Miss Sally,

I just read this morning that Ralph Riely was killed. It was a great surprised and shock. I do not have Wilma's address, so please, if you see her or write to her, extend my sincere sympathy, not only for myself, but for the entire class, for the tragedy that has happened. I guess these days are bringing a lot of sorrow to many families. It makes my problem so very small in comparison.

As ever,

Claude
