Dear Miss Loving

Received your letter today and was really glad to hear from you. I know its pretty hard for you to write. But I have a hard time to. I would have written to you sooner but you know how it is. Boy that was really tough about W.L. losing that game. And I guess everybody felt plenty bad over it. But I hope they can win that G. W. game. Will you say they they are short of teachers this year. I imagine they would be. But I guess the classes are lots smaller. Miss Loving I imagine you sent me that school paper and I want to really thank you I really enjoyed reading it. And I guess all the boys do in the service. Lot of the boys and girls back home wrote and told me all about school this year. But that paper was lots better. Well Miss Loving running short of time. But will try and write more next time. I'll write again when I can. I have a pretty tough time now. So write real soon,

Love

Edward M. Moody S1/2
