Dear Miss Loving,

Hello. Received your edition of Post Script in which it told of the get together. Awfully glad that so many were there. Hope you all had a swell time.

Things are the same over here and we have been very busy lately. I went on furlough January twenty-second to the twenty-ninth. I went up to the midlands to Leeds, Yorkshire. Had a swell time with my buddy. Needless to say I didn't get any sightseeing done. I went to London over the past week-end and had a swell time with my buddy and two RAF men. From what they tell me of the RAF it's plenty tough. Glad I'm in the old U.S. Army air forces.

Beautiful day here and I'll have to get some washing done. May rain tomorrow. Very, very funny weather over here act-uually!

Bye for now,

Hut-Sut
